

CeraVe Acne Control Cleanser

Product Facts

Medicinal ingredient (w/w) Salicylic acid 2%

Warnings

For external use only

Allergy alert get medical help right away if you develop hives, swelling of eyes and mouth, blistering, or difficulty breathing.

Ask a doctor before use if you have severe acne.

When using this product skin irritation and dryness are more likely to occur when using another topical acne product at the same time. If irritation occurs, use only one product at a time.

When using this product avoid contact with eyes. If contact occurs, rinse thoroughly with water.

Stop use and ask a doctor if improvement is not apparent within 6-8 weeks.

Stop use and ask a doctor if you develop severe irritation, burning or itching of the skin.

Keep out of reach of children. If swallowed, call a poison control centre or get medical help right away.

Directions

Adults and adolescents 12 years and older. For New Users: Apply product to a small area once a day for three days to test if you are sensitive to this product. If no discomfort occurs, cover the entire affected area with a thin layer. Start with one application daily, then gradually increase to two or three times daily, if needed. If dryness or peeling occurs, reduce application to once a day or every other day. Rinse off.
